

Subject	Activity	Resources/Links
<p>Phonics Must Do</p>	<ul style="list-style-type: none"> A digraph is when 2 letters are making 1 sound  <p>2 letters ^A ^B _C = 1 sound</p> <ul style="list-style-type: none"> Make flashcards for the digraphs we have learnt 'sh', 'ch', 'th' and 'wh' and practise saying the sounds as quickly as you can Today's digraph is: 'ph'. 'Ph' makes a /f/ sound like in <u>ph</u>oto, <u>ph</u>one, ele<u>ph</u>ant, and <u>gr</u>aph Practise sounding out (reading) the 'ph' words on page 5 	 <p>Digraph Song (optional)</p> <ul style="list-style-type: none"> https://www.youtube.com/watch?v=NK8_Tvu6bJk <p>Ph Song (optional)</p> <ul style="list-style-type: none"> https://www.youtube.com/watch?v=U5WTmRQ9jrk&t=66s
<p>Writing Practice Must Do</p>	<ul style="list-style-type: none"> Look at the picture from the book 'Magic Beach' on page 6 What can you see? Can you remember a time that you have been to the beach? Using a piece of paper and coloured pencils, independently use detailed pictures and words to tell your audience a story about if you went to the beach on a sunny day. (Refer to the 'Writing Instructions' document regarding how to support your child when writing) Independent sentences with sounded out words might look like: I wet to the bech wiv mi famle. We had los ov fun. 	<p>As a good writer, I:</p> <ul style="list-style-type: none"> Write all my letters correctly Leave a space between each word Use capital letters at the beginning of sentences and for names Make sure my sentences end with a punctuation mark Reread my writing to make sure it makes sense  <p>Look at the cat.</p>  <p>The cat is on the mat.</p> <ul style="list-style-type: none"> □ to finish a statement. ❓ to ask a question. 😊 to show emotion. 
<p>Sight Words</p>	<ul style="list-style-type: none"> Choose an activity to practise reading and/or writing your sight words 	<ul style="list-style-type: none"> View attachment on page 7 for ideas

Fruit Break

<p>Reading Must Do</p>	<ul style="list-style-type: none"> Read a book to someone at home or use the or the 'Half Pint Kids' or the 'Academic Success for all Learners' websites AND/OR Have someone read a book to you – Can you retell what happened in the beginning, middle and end of the story? Can you talk about the setting and characters? 	<ul style="list-style-type: none"> https://halfpintkids.com/online-materials/ (optional) https://iseesam.com/reading-for-all-learners-home-education-and-send-home-digital-edition/ (optional)
<p>Handwriting</p>	<ul style="list-style-type: none"> Practise writing the 'down up and over the hill' letters. Make sure you start at the dot and follow the arrow. <i>Remember: when writing lowercase letters, your pencil should not come off the page unless the instructions say 'lift'.</i> 	<ul style="list-style-type: none"> View attachment on page 8 for instructions

Break

<p>Mathematics Warm Up Must Do</p>	<p><i>(Larger numbers may be used when your child is ready)</i></p> <ul style="list-style-type: none"> Name the number that comes before and after a given number (e.g. "what comes before the number 7? What comes after the number 7?") Optional: Write it down 6 7 8 	
<p>Mathematics Must Do</p>	<ul style="list-style-type: none"> Number of the day: 8 or 18 How many ways can you show this number? Think of tally marks, dice patterns, dominoes, tens frames. What numbers go together to make the number? (e.g. 2 and 4 make 6, 3 and 3 make 6, 5 and 1 make 6 etc.) Practise adding numbers together using objects, your fingers, and/or counting on. Can you record the sums on a whiteboard or piece of paper (e.g. '4 and 3 is 7' or $4+3=7$) 	<ul style="list-style-type: none"> View attachment on page 9 for 'Number of the Day' example. <p>Addition Strategies (listed in order of difficulty):</p> <ul style="list-style-type: none"> Get 2 groups of objects (4 pencils and 3 pencils) and count them with your fingers Show two sets of dot patterns (2 dice, a domino or drawn), cover one up and visualise the dots – count from 1 and touch every dot – even the dots that are covered up <div style="text-align: center;">  </div> <p style="text-align: right;">"1, 2, 3, 4, 5, 6, 7. It's 7"</p> <ul style="list-style-type: none"> Try the above strategy but cover both sides Count on from one of the numbers – when solving '4+3' say 4, then count 5, 6, 7

Break

Other

- Print, have someone draw, or find a cube, sphere, cylinder, cone, rectangular prism, or pyramid
- Can you explore these 3D objects and sort them into groups based on if they have flat surfaces, curved surfaces or both?
- Example:

Flat	Curved	Flat and Curved

- <https://www.youtube.com/watch?v=CiqzRrTqRA8&t=23s>
(optional)

cube

sphere

cylinder

cone

rectangular prism

pyramid

phonics

Reading Sight Words

Make a sight word car park. Read the word before parking your car

Slap the sight words with a fly swatter when each word is called

Sight word dominoes

Play a game of 'memory'

Play sight word hopscotch

Hide sight words around the house

Sight word beanbag toss. What word did your beanbag land on?

Sight word bingo

Sight word stomp. Stomp on the word when it is called

Read the flashcards as quickly as you can

Writing/Making Sight Words

Make your sight words out of playdoh

Put flour/rice/sand in a tray and use your finger to write your sight words

Use a 'dry-erase' marker and write your sight words on the table or window

Put some paint in a zip lock bag and use a cotton bud or your finger to write your sight words

Write your sight words on the concrete using chalk

Spray some shaving cream onto the table and use your finger to write your sight words in it

Flatten a piece of playdoh and use a toothpick or skewer to write sight words in the playdoh

Sight word pyramids

Paint your sight words on concrete using water and a paint brush

Write your sight words in rainbow colours

'Down Up and Over the Hill' Letters

						
down up over	down up around down	down up around down up around down	down up around down	down up around	down up around	down up around out

$10 - 3$

5 and 2

5 and 2

$7 + 0 = 7$

$6 + 1 = 7$

$5 + 2 = 7$

$4 + 3 = 7$

$10 - 3 = 7$

$8 - 1 = 7$

$7 - 0 = 7$

4 and 3

6 and 1
